

Varun Vinod

Richardson, Texas - 75080; (832) 908 0377 | Varun.Vinod@UTDallas.edu | www.linkedin.com/in/varun-vinod-vxv

EDUCATION

- University of Texas at Dallas, Jindal School of Management**, Dallas, TX **May 2024**
(GPA: 3.7)
- *Master of Science, Information Technology and Management (MIS)*
 - *Graduate Certification in Business Intelligence and Data Mining*
 - *Graduate Certification in Applied Machine Learning*
(Lars Magnus Ericsson Fellowship in Management)
- Mumbai University, Pillai College of Engineering**, Navi Mumbai, India **Jul 2021**
(GPA: 3.4)
- *Bachelor of Engineering, Computer Science*

PROFESSIONAL EXPERIENCE

- Hexaware Technologies**, Navi Mumbai **May 2023 – Present**
Full Stack Developer
- Created an in-house application suite with **C# .NET**, enhancing the **UI/ UX**, which led to a **15% reduction** in user errors and **saving thousands of dollars** on external software.
 - Implemented **Kubernetes** clusters to support containerized applications and integrated **Ansible** for automated deployment processes.
 - Analyzed system performance metrics, identifying optimization opportunities that reduced support tickets by 10%.
 - Improved **SQL Server database** stored procedures, resulting in a **20% increase in data retrieval efficiency**.
 - Deployed analytical solutions on Azure and managed **CI/CD** pipelines using **Azure DevOps & Git Actions**.
 - Strengthened application security by integrating **Windows AD** authentication, securing data access.
- IBM**, Bengaluru **Feb 2022 – Aug 2022**
Systems Engineer (Java Full Stack Developer)
- Ranked in the **top 1% of global learners**, earning 4 badges within 2 months.
 - Leveraged **Docker** for integration testing of Lumen's network porting application, expanding test coverage
 - Facilitated the development and integration of **Java Spring Applications** with a **microservices** architecture, contributing to a decrease in system outages.
 - Managed **Red Hat Linux** environments and automated system tasks with **Bash** scripting, improving efficiency.
 - Led a cross-functional team in implementing **RESTful APIs** and advancing front-end web development, enhancing data exchange processes.

RESEARCH

- Image Captioning Chat-bot** (<https://www.irjet.net/archives/V8/i5/IRJET-V8I5253.pdf>) **Sep 2020 – Apr 2021**
- Developed a **user-interactive chat-bot** using advanced neural networks (**CNN & RNN**), integrating visual and textual data for enhanced query responses
 - Leveraged **GPU acceleration** and performance tuning modules to improve model training efficiency, achieving a **50% increase** in query accuracy and a **30% reduction** in model training time using **Nvidia CUDA**

SKILLS

Languages: Python, Java, R, JavaScript, SQL, C#, HTML5 / CSS3, PL/SQL, TypeScript, jQuery
Technologies: AWS, Azure, GCP, Jenkins, Docker, LINQ, Gitlab, Spring boot, Spring Data, GitHub, SOAP, Kafka, .NET
Tools: PySpark, Visual Studio, Splunk, JIRA, Jenkins, MySQL, Rally, SQL Server, Redux, Saga
Other: Agile / Scrum Methodologies, Spark, WPF, UI development, product management, WMI, WCF

LEADERSHIP & ORGANIZATIONS

- **Generative AI Club at UTD** (Founder and Vice President) **Mar 2024 – Present**
- **Windows 10 Bug Bash Events** (Collaborating with Microsoft Windows), Participant **Apr 2016 – Feb 2017**
